>After the AVN Awards and all the mainstream exposure, everyone wanted to interview me, even people who had passed on the offer before. One of them was Al Goldstein, the publisher of Screw magazine, who was writing for Penthouse at the time. Joy set up something after the awards show, and Goldstein came by to introduce himself. He's an obese, greasy, slovenly man, and was very touchy-feely with both of us. When he discussed the interview, he seemed to be dropping hints about going on a date or getting sexual favors from me in exchange for the article. He didn't say it explicitly, but it's the feeling Joy and I got.... Goldstein never forgave us for canceling the interview. And so I made my first enemy in the business. He published a screed against Joy and me on the front page of Screw, accusing us of practically every offense imaginable – and a few that were unimaginable. He even attacked my family.

daily reminder that the number six million is basically holy to
Jews

Regarding the 'six million' number you should know the following: In the Hebrew text of the Torah prophecies, one can read "you shall return". In the text the letter "V" or "VAU" is absent, as Hebrew does not have any numbers; the letter V stands for the number 6. Ben Weintraub, a religious scientist, learned from rabbis that the meaning of the missing letter means the number is '6 million'. The prophecy then reads: You will return, but with 6 million less. See Ben Weintraub: "The Holocaust Dogma of Judaism", Cosmo Publishing, Washington 1995, page 3. The missing 6 million must be so before the Jews can return to the Promised Land. Jahweh sees this as a cleaning of the souls of the sinful people. The Jews must, on the return to the Promised Land, be clean — the cleaning shall be done in burning stokes"

Jewish prophecies in the Torah require that 6 million Jews must "vanish" before the state of Israel can be formed. "You shall return minus 6 million." That's why Tom Segev, an Israeli historian, declared that the "6 million" is an attempt to transform the Holocaust story into state religion. Those six million, according to prophecy, had to disappear in "burning ovens", which the judicial version of the Holocaust now

authenticates. As a matter of fact, Robert B. Goldmann writes: “. . . without the Holocaust, there would be no Jewish State.” A simple consequence: Given six million Jews gassed at Auschwitz who ended up in the “burning ovens” (the Greek word holocaust means burned offerings), therefore, the prophecies have now been “fulfilled” and Israel can become a “legitimate state”. –Unknown
